

Snow falls silently
Blocking pathways, bringing gloom
Just like the NASDAQ

Coal in my stocking
Once nothing, now an asset
Warmth underrated

Just three magic words
Bring summer sun in winter
"Cash flow positive"

'e' here and 'e' there,
'e' was almost everywhere
Except for 'e'arnings

CFO: Santa?
For a guy covered in red
He sure laughs a lot

After winter snows
A burst of spring, gladdening hearts:
My funding came in!

To have no failures
Would cheapen the successes
No struggle, no joy

The bear of winter
Scares us all. Sleep now big bear
Time for bullish spring

Like Oliver Twist
"Please sir, may I have some more?"
VCs cruel, no gruel

Onset of winter:
Time for friends, good cheer, wisdom.
Onset of success.
